

# SOTOL LA HIGUERA<sup>®</sup>

## Texanum

La Higuera is showcasing spirits made from sotol plants both within the Sotol D.O. and beyond. The newest among the core lineup from La Higuera, our exploration from Chihuahua continues. These plants are wild harvested in Mexico and provide us with notes of herbaceous minerals, carne seca, and sunflower seed.

Scan for  
Details!

**Sotol (plant):** aka Desert Spoon. There are about 20 known types most commonly found in northern MX.

**Sotol (spirits):** a spirit distilled from the sotol plant
