CATÁLOGO/CATALOGUE

INTRODUCCIÓN INTRODUCTION

*El vidrio posee elegancia y versatilidad como ningún otro material
gracias a sus cualidades de pureza y transparencia*

*Glass has elegance and versatility like no other material thanks
to its qualities of purity and transparency.*

Vitro Envases es líder en la fabricación de vidrio en México y uno de los más importantes en el mundo, sus diseños exclusivos ofrecen la mejor alternativa del mercado.

En nuestra planta de manufactura localizada en Toluca México, atendemos las necesidades del mercado nacional e internacional de licores premium, con instalaciones totalmente especializadas para el cumplimiento de las especificaciones requeridas por la industria.

Nuestra capacidad productiva está compuesta por hornos de fundición de vidrio cristalino formulado con materias primas exclusivas, dando como resultado envases con los más altos estándares de calidad, desempeño y estabilidad en las líneas productivas de nuestros clientes, cumpliendo normas nacionales e internacionales.

Además, disponemos de una extensa gama de acabados en procesos completamente integrados para ofrecer productos con alto valor agregado.

Estamos estratégicamente localizados cerca de los principales puertos marítimos del océano pacífico, océano atlántico y de la frontera con los Estados Unidos de América, nuestra posición geográfica y plataforma logística nos permiten exportar y atender a clientes en tiempos de respuesta altamente competitivos.

Nuestro portafolio está integrado por envases de línea con diseños exclusivos para los diferentes segmentos y nos especializamos en el desarrollo de productos personalizados, manufacturados con tecnología de vanguardia y un enfoque en servicio y calidad.

Vitro Glass Containers is a leader in glass manufacture industry in Mexico and one of the most important in the world, its exclusive designs offer the best alternative in the market.

In our manufacturing plant located in Toluca Mexico, we meet the needs of the national and international market for premium liquors, with fully specialized facilities for compliance with the specifications required by the industry.

Our production capacity is made up for flint glass melting furnaces formulated with exclusive raw materials, resulting in containers with the highest standards of quality, performance and stability in our customers production lines, complying with national and international standards.

In addition, we have a wide range of finishes in fully integrated process to offer products with high added value.

We are strategically located near the main Pacific and Atlantic Ocean seaports, and the border with the United States of America, our geographical position and logistics platform allow us to export and serve customers in highly competitive response times.

Our portfolio is made up of line containers with exclusive designs for different segments and we specialize in the development of customized products, manufactured with cutting-edge technology and a focus on service and quality.
